**PUBLIC NOTICE OF HEARING ON THE
APPLICATION OF UNS GAS, INC. FOR
A PERMANENT BASE RATE INCREASE
(DOCKET NO. G-04204A-08-0571)**

Summary

On November 7, 2008, UNS Gas, Inc. ("UNS Gas" or "Company") filed an application with the Arizona Corporation Commission ("Commission") for a permanent base rate gross revenue increase of \$9,480,876, or 17.92 percent over current revenues. For residential customers (R10), the Company's application requests an increase in the fixed monthly customer charge from the current \$8.50 rate to \$10.00, with subsequent increases in the customer charge to \$12.00 one year later and to \$14.00 two years later. Under the Company's proposal, the usage charge applicable to customer bills would increase initially, but would then decline in the second and third years as the fixed monthly charge increases. The initial level of authorized over-all revenues would remain the same until adjusted by the Commission.

As an example, if the Company's proposal were to be adopted by the Commission in its entirety, a residential customer with 20 therms of usage would experience a base rate increase of \$2.80 per month in the first year, \$3.92 per month over current rates the second year, and \$5.04 per month over current rates the third year. Including the current cost of gas of 88.7 cents per therm, with 20 therms of usage, a current residential customer bill would increase from \$32.78 to \$35.58 (8.5 percent) the first year, to \$36.70 (12.0 percent over current rates) the second year, and to \$37.82 (15.4 percent over current rates) the third year.

As a further example, if the Company's proposal were to be adopted by the Commission in its entirety, a residential customer with 100 therms of usage would experience a base rate increase of \$8.00 per month in the first year, \$5.60 per month over current rates the second year, and \$3.19 per month over current rates the third year. Including the current cost of gas of 88.7 cents per therm, with 100 therms of usage, a current residential customer bill would increase from \$129.90 to \$137.90 (6.2 percent) the first year, to \$135.50 (4.3 percent over current rates) the second year, and to \$133.09 (2.5 percent over current rates) the third year.

These examples are for illustrative purposes only and the actual percentage rate increase for individual customers would vary depending upon the type and quantity of service provided.

The Commission's Utilities Division Staff (Staff) is in the process of auditing and analyzing the application, and has not yet made any recommendations regarding UNS Gas's proposed rate increase. The Residential Utility Consumer Office is also a party to this proceeding and will analyze the application and make recommendations to the Commission. The Commission will determine the appropriate relief to be granted based on the evidence presented by the parties. The Commission is not bound by the proposals made by UNS Gas, Staff, or any intervenors; therefore, the final rates approved by the Commission may be higher or lower than the rates requested by the Company.

How You Can View or Obtain a Copy of the Rate Proposal

Copies of the application and proposed rates are available from UNS Gas offices: One South Church Ave., Ste. 100, Tucson, Arizona (520/884-3742), 2498 Airway Ave., Kingman, Arizona (928/681-8913), 2749 Maricopa Ave., Lake Havasu City, Arizona (928/505-7002), 1710 N. About Intervention

The law provides for an open public hearing at which, under appropriate circumstances, interested parties may intervene. Any person or entity entitled by law to intervene and having a direct and substantial interest in the matter will be permitted to intervene. If you wish to intervene, you must file original and 13 copies of a written motion to intervene with the Commission no later than May 26, 2009, and send a copy of the motion to UNS Gas or its counsel and to all parties of record. Your motion to intervene must contain the following:

1. Your name, address, and telephone number, and the name, address, and telephone number of any party upon whom service of documents is to be made, if not yourself;
2. A short statement of your interest in the proceeding (e.g., a customer of UNS Gas, a shareholder of UNS Gas, etc.); and
3. A statement certifying that you have mailed a copy of the motion to intervene to UNS Gas or its counsel and to all parties of record in the case.

The granting of motions to intervene shall be governed by A.A.C. R14-3-105, except that all motions to intervene must be filed on or before May 26, 2009. If representation by counsel is required by Rule 31 of the Rules of the Arizona Supreme Court, intervention will be conditioned upon the intervenor obtaining counsel to represent the intervenor. For information about requesting intervention, visit the Commission's web site at:

<http://www.azcc.gov/divisions/utilities/forms/intervenor.pdf>

The granting of intervention, among other things, entitles a party to present sworn evidence at hearing and to cross-examine other witnesses. However, failure to intervene will not preclude any interested person or entity from appearing at the hearing and providing public comment on the application or from filing written comments in the record of the case.

Summary

On November 7, 2008, UNS Gas, Inc. ("UNS Gas" or "Company") filed an application with the Arizona Corporation Commission ("Commission") for a permanent base rate gross revenue increase of \$9,480,876, or 17.92 percent over current revenues. For residential customers (R10), the Company's application requests an increase in the fixed monthly customer charge from the current \$8.50 rate to \$10.00, with subsequent increases in the customer charge to \$12.00 one year later and to \$14.00 two years later. Under the Company's proposal, the usage charge applicable to customer bills would increase initially, but would then decline in the second and third years as the fixed monthly charge increases. The initial level of authorized overall revenues would remain the same until adjusted by the Commission.

As an example, if the Company's proposal were to be adopted by the Commission in its entirety, a residential customer with 20 therms of usage would experience a base rate increase of \$2.80 per month in the first year, \$3.92 per month over current rates the second year, and \$5.04 per month over current rates the third year. As a further example, if the Company's proposal were to be adopted by the Commission in its entirety, a residential customer with 100 therms of usage would experience a base rate increase of \$8.00 per month in the first year, \$5.60 per month over current rates the second year, and \$3.19 per month over current rates the third year. Including the current cost of gas of 88.7 cents per therm, with 100 therms of usage, a current residential customer bill would increase from \$129.90 to \$137.90 (6.2 percent) the first year, to \$135.50 (43.3 percent over current rates) the second year, and to \$133.90 (2.5 percent over current rates) the third year.

These examples are for illustrative purposes only and the actual percentage rate increase for individual customers would vary depending upon the type and quantity of service provided.

PUBLIC NOTICE OF HEARING ON THE APPLICATION OF UNS GAS, INC. FOR A PERMANENT BASE RATE INCREASE (DOCKET NO: G-04204A-08-0571)

Summary

On November 7, 2008, UNS Gas, Inc. ("UNS Gas" or "Company") filed an application with the Arizona Corporation Commission ("Commission") for a permanent base rate gross revenue increase of \$9,480,876, or 17.92 percent over current revenues. For residential customers (RIO), the Company's application requests an increase in the fixed monthly customer charge from the current \$8.50 rate to \$10.00, with subsequent increases in the customer charge to \$12.00 one year later and to \$14.00 two years later. Under the Company's proposal, the usage charge applicable to customer bills would increase initially, but would then decline in the second and third years as the fixed monthly charge increases. The initial level of authorized overall revenues would remain the same until adjusted by the Commission. As an example, if the Company's proposal were to be adopted by the Commission in its entirety, a residential customer with 20 therms of usage would experience a base rate increase of \$2.80 per month in the first year, \$3.92 per month over current rates the second year, and \$5.04 per month over current rates the third year. Including the current cost of gas of 88.7 cents per therm, with 20 therms of usage, a current residential customer bill would increase from \$32.78 to \$35.58 (8.5 percent) the first year, to \$36.70 (12.0 percent over current rates) the second year, and to \$37.82 (15.4 percent over current rates) the third year. As a further example, if the Company's proposal were to be adopted by the Commission in its entirety, a residential customer with 100 therms of usage would experience a base rate increase of \$8.00 per month in the first year, \$5.60 per month over current rates the second year, and \$3.19 per month over current rates the third year. Including the current cost of gas of 88.7 cents per therm, with 100 therms of usage, a current residential customer bill would increase from \$129.90 to \$137.90 (6.2 percent) the first year, to \$135.50 (4.3 percent over current rates) the second year, and to \$133.09 (2.5 percent over current rates) the third year. These examples are for illustrative purposes only and the actual percentage rate increase for individual customers would vary depending upon the type and quantity of service provided. The Commission's Utilities Division Staff ("Staff") is in the process of auditing and analyzing the application, and has not yet made any recommendations regarding UNS Gas's proposed rate increase. The Residential Utility Consumer Office is also a party to this proceeding and will analyze the application and make recommendations to the Commission. The Commission will determine the appropriate relief to be granted based on the evidence presented by the parties. The Commission is not bound by the proposals made by UNS Gas, Staff, or any intervenors; therefore, the final rates approved by the Commission may be higher or lower than the rates requested by the Company. How You Can View or Obtain a Copy of the Rate Proposal Copies of the application and proposed rates are available from UNS Gas offices: One South Church Ave., Ste. 100, Tucson, Arizona (520/884-3742), 2498 Airway Ave., Kingman, Arizona (928/681-8913), 2749 Maricopa Ave., Lake Havasu City, Arizona (928/505-7002), 1710 N. Mastick Way, Nogales, Arizona (520/761-7999), and at the Commission's Docket Control Center at 1200 West Washington, Phoenix, Arizona, for public inspection during regular business hours and on the Internet via the Commission's website (www.azcc.gov) using the e-Docket function. Arizona Corporation Commission Public Hearing Information The Commission will hold a hearing on this matter beginning August 10, 2009, at 9:30 a.m., at the Commission's offices, Hearing Room #1, 1200 West Washington Street, Phoenix, Arizona. Public comments will be taken on the first day of the hearing. Written public comments may be submitted by mailing a letter referencing Docket No. G-04204A-08-0571 to Arizona Corporation Commission, Consumer Services Section, 1200 West Washington, Phoenix, AZ 85007, or by e-mail. For a form to use and instructions on how to e-mail comments to the Commission, go to http://www.azcc.gov/divisions/utilities/forms/public_comment.pdf. If you require assistance, you may contact the Consumer Services Section at 1-800-222-7000. About Intervention The law provides for an open public hearing at which, under appropriate circumstances, interested parties may intervene. Any person or entity entitled by law to intervene and having a direct and substantial interest in the matter will be permitted to intervene. If you wish to intervene, you must file original and 13 copies of a written motion to intervene with the Commission no later than May 26, 2009, and send a copy of the motion to UNS Gas or its counsel and to all parties of record. Your motion to intervene must contain the following:

1. Your name, address, and telephone number, and the name, address, and telephone number of any party upon whom service of documents is to be made, if not yourself;
2. A short statement of your interest in the proceeding (e.g., a customer of UNS Gas, a shareholder of UNS Gas, etc.); and
3. A statement certifying that you have mailed a copy of the motion to intervene to UNS Gas or its counsel and to all parties of record in the case. The granting of motions to intervene shall be governed by A.A.C. R14-3-105, except that all motions to intervene must be filed on or before May 26, 2009. If representation by counsel is required by Rule 21 of the Rules of the Arizona Supreme Court, intervention will be conditioned upon the intervenor obtaining counsel to represent the intervenor. For information about requesting intervention, visit the Commission's web site at <http://www.azcc.gov/divisions/utilities/forms/intervenor.pdf>. The granting of intervention, among other things, entitles a party to present sworn evidence at hearing and to cross-examine other witnesses. However, failure to intervene will not preclude any interested person or entity from appearing at the hearing and providing public comment on the application or from filing written comments in the record of the case. ADA/Equal Access Information The Commission does not discriminate on the basis of disability in admission to its public meetings. Persons with a disability may request a reasonable accommodation such as a sign language interpreter, as well as request this document in an alternative format, by contacting the ADA Coordinator, Shaylin Bernal, E-mail SABernal@azcc.gov, voice phone number 602/542-3931. AVISO PÚBLICO SOBRE LA AUDIENCIA DE LA SOLICITUD DE LA COMPAÑÍA UNS GAS, INC PARA AUMENTAR PERMANENTEMENTE LA TARIFA BASE (EXPEDIENTE No.G-04204A-08-0571)

Sumario

El 7 de noviembre de 2008, la compañía UNS Gas, Inc. ("UNS Gas" o "la Compañía") presentó una solicitud ante la Comisión Corporativa de Arizona (la Comisión) para el aumento permanente del ingreso bruto de la tarifa base de \$9,480,876.00 ó del 17.92% sobre los ingresos actuales. Para los clientes residenciales (RIO), la Compañía pide en su solicitud un aumento en la cuota fija mensual al cliente en la tarifa actual de \$8.50 a \$10.00, con aumentos subsiguientes en el cargo al cliente a \$12.00 un año después y a \$14.00 dos años después. Bajo la propuesta de la Compañía, el cargo por consumo que se aplica a las cuentas de los clientes podría aumentar inicialmente pero después podría bajar durante el segundo y tercer año mientras el cargo fijo mensual aumente. El nivel inicial de todas las ganancias brutas se mantendría igual hasta que sea ajustado por la Comisión. Por ejemplo, si la Comisión aprobara la propuesta de la Compañía en su totalidad, un cliente residencial con 20 términos de consumo podría tener un aumento en la tarifa base de \$2.80 al mes en el primer año, \$3.92 al mes en las tarifas actuales en el segundo año y \$5.04 al mes en las tarifas actuales en el tercer año. Tomando en cuenta el costo actual de gas de 88.7 centavos por término, la factura de un cliente residencial con 20 términos de consumo, podría subir de \$32.78 a \$35.58 (8.5%) el primer año, a \$36.70 (12% sobre las tarifas actuales) el segundo año y a \$37.82 (15.4% sobre las tarifas actuales) el tercer año. Otro ejemplo más claro sería si la Comisión aprobara la propuesta de la Compañía en su totalidad, un cliente residencial con 100 términos de consumo podría tener un aumento en la tarifa base de \$8.00 al mes en el primer año, \$5.60 al mes en las tarifas actuales en el segundo año y \$3.19 al mes en las tarifas actuales en el tercer año. Tomando en cuenta el costo actual de gas de 88.7 centavos por término, la factura de un cliente residencial con 100 términos de consumo, podría subir de \$129.90 a \$137.90 (6.2%) el primer año, a \$135.50 (4.3% sobre las tarifas actuales) el segundo año y a \$133.09 (2.5% sobre las tarifas actuales) el tercer año. Los ejemplos aquí mencionados se proporcionan de manera ilustrativa únicamente ya que el aumento del porcentaje de la tarifa actual para clientes individuales variará dependiendo del tipo, cantidad y servicio que se le proporcione. El Personal o "Staff" de la División de Servicios Públicos de la Comisión se encuentra en el proceso de llevar a cabo una auditoría y un análisis a la solicitud y aún no ha hecho ninguna recomendación al respecto de la propuesta de UNS Gas para el aumento en las tarifas. La oficina de Servicios Públicos para Clientes Residenciales también forma parte de este proceso y deberá analizar la solicitud y proporcionar su recomendación a la Comisión. La Comisión determinará la sustitución adecuada a ser concedida basada en la evidencia presentada por las partes. La Comisión no está obligada a las propuestas hechas por la compañía UNS Gas, el Staff o Personal o cualesquier otras personas que intervengan; por consiguiente, las tarifas aprobadas por la Comisión podrían ser más altas o más bajas que las tarifas solicitadas por la Compañía. ¿Cómo puede conseguir o ver una copia de la propuesta para las tarifas? Copias de la solicitud y de las tarifas propuestas se encuentran disponibles en las oficinas de UNS Gas ubicadas en: One South Church Ave., Suite 100, Tucson, Arizona (520/884-3742); 2498 Airway Ave., Kingman, Arizona (928/681-8913); 2749 Maricopa Ave., Lake Havasu City, Arizona (928/505-7002); 1710 N. Mastick Way, Nogales, Arizona (520/761-7999) y durante las horas de oficina del Centro de Control de Archivos de la Comisión (Commission's Docket Control Center) ubicado en 1200 West Washington, Phoenix, Arizona y en Internet por medio del sitio web de la Comisión (www.azcc.gov) usando la función e-Docket. Información sobre la Audiencia Pública de la Comisión Corporativa de Arizona La Comisión llevará a cabo una audiencia sobre este asunto el día 10 de agosto de 2009 a las 9:30 de la mañana en las oficinas de la Comisión, Sala de Audiencias #1 (Hearing Room #1) en el 1200 West Washington Street, Phoenix, Arizona. Los comentarios del público se recibirán el primer día de la audiencia. Los comentarios por escrito del público podrán ser presentados enviándose por correo postal a la siguiente dirección: Arizona Corporation Commission, Consumer Services Section, 1200 West Washington, Phoenix, AZ 85007 a la atención o referencia del número del archivo Docket No. G-04204A-08-0571. Si necesita ayuda, puede comunicarse a la Sección de Servicios al Consumidor al 1-800-222-7000. A cualquier persona o entidad habilitada por la ley para intervenir y que tenga un interés directo y significativo en el asunto se le permitirá intervenir. Las personas que lo deseen deberán presentar un original y 13 copias de la petición para intervenir por escrito ante la Comisión a más tardar el 26 de mayo de 2009, así como también mandar una copia de dicha petición a la compañía UNS Gas o a los representantes legales o abogados de la compañía y a todas las partes registradas en el caso. Una breve declaración sobre sus intereses en el desarrollo de los trámites de este caso (ejem. Cliente de la compañía UNS Gas, accionista de la compañía UNS Gas, etc.) y 3. Una declaración certificando que una copia de dicha petición para intervenir ha sido enviada a UNS Gas o a sus representantes legales/abogados y todas las partes registradas en el caso. El otorgamiento de las peticiones para intervenir deberá ser regido por el R14-3-105 de la A.A.C., excepto que todas las peticiones para intervenir deben de ser presentadas a más tardar el 26 de mayo de 2009. Si se requiere representación legal por orden de la Norma 31 de las Normas de la Corte Superior de Arizona, la intervención será condicionada a que el interventor obtenga el consejo de representar al interventor. Para obtener información referente a cómo solicitar la intervención, visite el sitio web de la Comisión <http://www.azcc.gov/divisions/utilities/forms/intervenor.pdf>. El otorgamiento para intervenir, entre otras cosas, le da derecho a las partes a presentar evidencias bajo juramento en la audiencia y a interrogarse mutuamente con otros testigos. Sin embargo, el hecho de que no intervenga, no impedirá a la persona interesada o entidad a presentarse en la audiencia y proporcionar comentarios públicos sobre la solicitud o de presentar comentarios por escrito para el acta del caso. Acta de Americanos con Discapacidades (ADA)/Igualdad de Acceso a la Información La Comisión no discrimina a las personas con discapacidades para tener acceso a las audiencias. Dichas personas podrán solicitar servicios tales como intérprete para sordomudos, así como solicitar este documento en un formato alternativo. Favor de comunicarse con Shaylin Bernal, Coordinadora de ADA, al correo electrónico SABernal@azcc.gov, o al teléfono 602/542-3931. Estas solicitudes deberán hacerse lo antes posible para así poderles proporcionar los servicios adecuados.

PUBLIC NOTICE OF HEARING ON THE APPLICATION OF UNS GAS, INC. FOR A PERMANENT BASE RATE INCREASE (DOCKET NO. G-04204A-08-0571)

Summary

On November 7, 2008, UNS Gas, Inc. ("UNS Gas" or "Company") filed an application with the Arizona Corporation Commission ("Commission") for a permanent base rate gross revenue increase of \$9,480,876, or 17.92 percent over current revenues. For residential customers (R10), the Company's application requests an increase in the fixed monthly customer charge from the current \$8.50 rate to \$10.00, with subsequent increases in the customer charge to \$12.00 one year later and to \$14.00 two years later. Under the Company's proposal, the usage charge applicable to customer bills would increase initially, but would then decline in the second and third years as the fixed monthly charge increases. The initial level of authorized overall revenues would remain the same until adjusted by the Commission.

As an example, if the Company's proposal were to be adopted by the Commission in its entirety, a residential customer with 20 therms of usage would experience a base rate increase of \$2.80 per month in the first year, \$3.92 per month over current rates the second year, and \$5.04 per month over current rates the third year. Including the current cost of gas of 88.7 cents per therm, with 20 therms of usage, a current residential customer bill would increase from \$32.78 to \$35.58 (8.5 percent) the first year, to \$36.70 (12.0 percent over current rates) the second year, and to \$37.82 (15.4 percent over current rates) the third year.

As a further example, if the Company's proposal were to be adopted by the Commission in its entirety, a residential customer with 100 therms of usage would experience a base rate increase of \$8.00 per month in the first year, \$5.60 per month over current rates the second year, and \$3.19 per month over current rates the third year. Including the current cost of gas of 88.7 cents per therm, with 100 therms of usage, a current residential customer bill would increase from \$129.90 to \$137.90 (6.2 percent) the first year, to \$135.50 (4.3 percent over current rates) the second year, and to \$133.09 (2.5 percent over current rates) the third year. These examples are for illustrative purposes only and the actual percentage rate increase for individual customers would vary depending upon the type and quantity of service provided.

The Commission's Utilities Division Staff ("Staff") is in the process of auditing and analyzing the application, and has not yet made any recommendations regarding UNS Gas's proposed rate increase. The Residential Utility Consumer Office is also a party to this proceeding and will analyze the application and make recommendations to the Commission. The Commission will determine the appropriate relief to be granted based on the evidence presented by the parties. The Commission is not bound by the proposals made by UNS Gas, Staff, or any intervenors; therefore, the final rates approved by the Commission may be higher or lower than the rates requested by the Company.

About Intervention

The law provides for an open public hearing at which, under appropriate circumstances, interested parties may intervene. Any person or entity entitled by law to intervene and having a direct and substantial interest in the matter will be permitted to intervene. If you wish to intervene, you must file original and 13 copies of a written motion to intervene with the Commission no later than May 26, 2009, and send a copy of the motion to UNS Gas or its counsel and to all parties of record. Your motion to intervene must contain the following:

1. Your name, address, and telephone number, and the name, address, and telephone number of any party upon whom service of documents is to be made, if not yourself;
2. A short statement of your interest in the proceeding (e.g., a customer of UNS Gas, a shareholder of UNS Gas, etc.); and
3. A statement certifying that you have mailed a copy of the motion to intervene to UNS Gas or its counsel and to all parties of record in the case.

The granting of motions to intervene shall be governed by A.A.C. R14-3-105, except that all motions to intervene must be filed on or before May 26, 2009. If representation by counsel is required by Rule 31 of the Rules of the Arizona Supreme Court, intervention will be conditioned upon the intervenor obtaining counsel to represent the intervenor. For information about requesting intervention, visit the Commission's web site at <http://www.azcc.gov/divisions/utilities/forms/intervent.pdf>. The granting of intervention, among other things, entitles a party to present sworn evidence at hearing and to cross-examine other witnesses.

However, failure to intervene will not preclude any interested person or entity from appearing at the hearing and providing public comment on the application or from filing written comments in the record of the case.

The Commission does not discriminate on the basis of disability in admission to its public meetings. Persons with a disability may request a reasonable accommodation such as a sign language interpreter, as well as request this document in an alternative format, by contacting the ADA Coordinator, Shaylin Bernal, E-mail: SABernal@azcc.gov, voice phone number 602/542-3931. Summary

On November 7, 2008, UNS Gas, Inc. ("UNS Gas" or "Company") filed an application with the Arizona Corporation Commission ("Commission") for a permanent base rate gross revenue increase of \$9,480,876, or 17.92 percent over current revenues. For residential customers (R10), the Company's application requests an increase in the fixed monthly customer charge from the current \$8.50 rate to \$10.00, with subsequent increases in the customer charge to \$12.00 one year later and to \$14.00 two years later. Under the Company's proposal, the usage charge applicable to customer bills would increase initially, but would then decline in the second and third years as the fixed monthly charge increases. The initial level of authorized overall revenues would remain the same until adjusted by the Commission.

As an example, if the Company's proposal were to be adopted by the Commission in its entirety, a residential customer with 20 therms of usage would experience a base rate increase of \$2.80 per month in the first year, \$3.92 per month over current rates the second year, and \$5.04 per month over current rates the third year. Including the current cost of gas of 88.7 cents per therm, with 20 therms of usage, a current residential customer bill would increase from \$32.78 to \$35.58 (8.5 percent) the first year, to \$36.70 (12.0 percent over current rates) the second year, and to \$37.82 (15.4 percent over current rates) the third year.

As a further example, if the Company's proposal were to be adopted by the Commission in its entirety, a residential customer with 100 therms of usage would experience a base rate increase of \$8.00 per month in the first year, \$5.60 per month over current rates the second year, and \$3.19 per month over current rates the third year. Including the current cost of gas of 88.7 cents per therm, with 100 therms of usage, a current residential customer bill would increase from \$129.90 to \$137.90 (6.2 percent) the first year, to \$135.50 (4.3 percent over current rates) the second year, and to \$133.09 (2.5 percent over current rates) the third year.

These examples are for illustrative purposes only and the actual percentage rate increase for individual customers would vary depending upon the type and quantity of service provided.

The Commission's Utilities Division Staff ("Staff") is in the process of auditing and analyzing the application, and has not yet made any recommendations regarding UNS Gas's proposed rate increase. The Residential Utility Consumer Office is also a party to this proceeding and will analyze the application and make recommendations to the Commission. The Commission will determine the appropriate relief to be granted based on the evidence presented by the parties. The Commission is not bound by the proposals made by UNS Gas, Staff, or any intervenors; therefore, the final rates approved by the Commission may be higher or lower than the rates requested by the Company.

It looks like Bartlett is also turning on and some bass are staging for the spawn. This is a great place to work spinners in the turbid water. Don't ignore the opportunities to catch big flatheads in deeper holes along the upper end.

In the high country, we just stocked 7,200 rainbow trout around eight inches long into Kaibab Lake near Williams. It's a fun place to fish — quite often, you can hear the fast freights heading down the tracks near the Historic Route 66. So tweak the famous song a little and yet your kids and catch fish along Route 66 (don't forget Winona).

Another spot worth visiting is Dead Horse Ranch State Park, which we stocked last week with 3,600 trout. Oak Creek is being stocked this week.

We also stocked Goldwater Lake this week — remember, stocking was postponed two weeks ago because of snow. This is a wonderful kid-friendly little lake just off Senator Highway in the Bradshaw Mountains above Prescott. There are even swings for the kids to play on there.

Blue Ridge Lake Reservoir is definitely full and spilling, but the road won't be open for some time yet. We suspect that other mountain lakes along the Rim are spilling over as well — this is going to be a good fishing year in the high country, but it's a toss of the dice on when many of them will become accessible.

Chevelon is accessible and is spilling. Although this steep-ed lake is not friendly to shore

anglers, it offers the opportu- nity for float tube anglers and others with portable floating devices to catch some quality early season trout, possibly even a huge brown. But you better be in shape — the hike out carrying gear is a gasp-for-breath chal- lenge.

Both Show Low Lake and Roods Hollow Lake in the White Mountains have been providing some decent trout fishing, as has Becker Lake near Springville.

This is the leading edge of the excellent spring trout fish- ing. Keep watching the reports. We'll try to let you know, when we know, when mountain lakes are accessible and fishable.

With the superb snow pack this year, we are looking at back- to-back years of good water levels, which is something we haven't seen since the early 90s. This is shaping up to be one of our best — if not the best — fish- ing year. This century so far. So get your gear ready for lots of fun action.

So go catch some memories. Maybe I'll see you out there.

PUBLIC NOTICE OF HEARING ON THE APPLICATION OF UNS GAS, INC. FOR A PERMANENT BASE RATE INCREASE (DOCKET NO. G-04204A-08-0571)

Summary

On November 7, 2008, UNS Gas, Inc. ("UNS Gas" or "Company") filed an application with the Arizona Corporation Commission ("Commission") for a permanent base rate gross revenue increase of \$9,480,876, or 17.92 percent over current revenues. For residential customers (R10), the Company's application requests an increase in the fixed monthly customer charge from the current \$8.50 rate to \$10.00, with subsequent increases in the customer charge to \$12.00 one year later and to \$14.00 two years later. Under the Company's proposal, the usage charge applicable to customer bills would increase initially, but would then decline in the second and third years as the fixed monthly charge increases. The initial level of authorized overall revenues would remain the same until adjusted by the Commission.

Including the current cost of gas of 88.7 cents per therm, with 100 therms of usage, a current residential customer bill would increase from \$129.90 to \$137.90 (6.2 percent) the first year, to \$135.50 (4.3 percent over current rates) the second year, and to \$133.09 (2.5 percent over current rates) the third year.

These examples are for illustrative purposes only and the actual percentage rate increase for individual customers would vary depending upon the type and quantity of service provided.

The Commission's Utilities Division Staff ("Staff") is in the process of auditing and analyzing the application, and has not yet made any recommendations regarding UNS Gas's proposed rate increase. The Residential Utility Consumer Office is also a party to this proceeding and will analyze the application and make recommendations to the Commission. The Commission will determine the appropriate relief to be granted based on the evidence presented by the parties. The Commission is not bound by the proposals made by UNS Gas, Staff, or any intervenors; therefore, the final rates approved by the Commission may be higher or lower than the rates requested by the Company.

PUBLIC NOTICE OF HEARING ON THE APPLICATION OF UNS GAS, INC. FOR A PERMANENT BASE RATE INCREASE (DOCKET NO. G-04204A-08-0571)

Summary

On November 7, 2008, UNS Gas, Inc. ("UNS Gas" or "Company") filed an application with the Arizona Corporation Commission ("Commission") for a permanent base rate gross revenue increase of \$9,480,876, or 17.92 percent over current revenues. For residential customers (R10), the Company's application requests an increase in the fixed monthly customer charge from the current \$8.50 rate to \$10.00, with subsequent increases in the customer charge to \$12.00 one year later and to \$14.00 two years later. Under the Company's proposal, the usage charge applicable to customer bills would increase initially, but would then decline in the second and third years as the fixed monthly charge increases. The initial level of authorized overall revenues would remain the same until adjusted by the Commission.

As an example, if the Company's proposal were to be adopted by the Commission in its entirety, a residential customer with 20 therms of usage would experience a base rate increase of \$2.80 per month in the first year, \$3.92 per month over current rates the second year, and \$5.04 per month over current rates the third year. Including the current cost of gas of 88.7 cents per therm, with 20 therms of usage, a current residential customer bill would increase from \$32.78 to \$35.58 (8.5 percent) the first year, to \$36.70 (12.0 percent over current rates) the second year, and to \$37.82 (15.4 percent over current rates) the third year.

As a further example, if the Company's proposal were to be adopted by the Commission in its entirety, a residential customer with 100 therms of usage would experience a base rate increase of \$8.00 per month in the first year, \$5.60 per month over current rates the second year, and \$3.19 per month over current rates the third year. Including the current cost of gas of 88.7 cents per therm, with 100 therms of usage, a current residential customer bill would increase from \$129.90 to \$137.90 (6.2 percent) the first year, to \$135.50 (4.3 percent over current rates) the second year, and to \$133.09 (2.5 percent over current rates) the third year.

These examples are for illustrative purposes only and the actual percentage rate increase for individual customers would vary depending upon the type and quantity of service provided.

The Commission will determine the appropriate relief to be granted based on the evidence presented by the parties. AVISO PÚBLICO SOBRE LA AUDIENCIA **DE LA SOLICITUD DE LA COMPAÑÍA** **UNS GAS, INC PARA AUMENTAR** **PERMANENTEMENTE LA TARIFA BASE** **(EXPEDIENTE No.G-04204A-08-0571)**

Sumario

El 7 de noviembre de 2008, la compañía UNS Gas, Inc. ("UNS Gas" o "la Compañía") presentó una solicitud ante la Comisión Corporativa de Arizona (la Comisión) para el aumento permanente del ingreso bruto de la tarifa base de \$9,480,876.00 ó del 17.92% sobre los ingresos actuales. Para los clientes residenciales (R10), la Compañía pide en su solicitud un aumento en la cuota fija mensual al cliente en la tarifa actual de \$8.50 a \$10.00, con aumentos subsecuentes en el cargo al cliente a \$12.00 un año después y a \$14.00 dos años después. Bajo la propuesta de la Compañía, el cargo por consumo que se aplica a las cuentas de los clientes podría aumentar inicialmente pero después podría bajar durante el segundo y tercer año mientras el cargo fijo mensual aumente. El nivel inicial de todas las ganancias brutas se mantendría igual hasta que sea ajustado por la Comisión.

Por ejemplo, si la Comisión aprobara la propuesta de la Compañía en su totalidad, un cliente residencial con 20 termias de consumo podría tener un aumento en la tarifa base de \$2.80 al mes en el primer año, \$3.92 al mes en las tarifas actuales en el segundo año y \$5.04 al mes en las tarifas actuales en el tercer año. Tomando en cuenta el costo actual de gas de 88.7 centavos por termia, la factura de un cliente residencial con 20 termias de consumo, podría subir de \$32.78 a \$35.58 (8.5%) el primer año, a \$36.70 (12% sobre las tarifas actuales) el segundo año y a \$37.82 (15.4% sobre las tarifas actuales) el tercer año.

Otro ejemplo más claro sería si la Comisión aprobara la propuesta de la Compañía en su totalidad, un cliente residencial con 100 termias de consumo podría tener un aumento en la tarifa base de \$8.00 al mes en el primer año, \$5.60 al mes en las tarifas actuales en el segundo año y \$3.19 al mes en las tarifas actuales en el tercer año. Tomando en cuenta el costo actual de gas de 88.7 centavos por termia, la factura de un cliente residencial con 100 termias de consumo, podría subir de \$129.90 a \$137.90 (6.2%) el primer año, a \$135.50 (4.3% sobre las tarifas actuales) el segundo año y a \$133.09 (2.5% sobre las tarifas actuales) el tercer año.

Los ejemplos aquí mencionados se proporcionan de manera ilustrativa únicamente ya que el aumento del porcentaje de la tarifa actual para clientes individuales variará dependiendo del tipo, cantidad y servicio que se le proporcione.

El Personal o "Staff" de la División de Servicios Públicos de la Comisión se encuentra en el proceso de llevar a cabo una auditoría y un análisis a la solicitud y aún no ha hecho ninguna recomendación al respecto de la propuesta de UNS, Gas para el aumento en las tarifas. La oficina de Servicios Públicos para Clientes Residenciales también forma parte de este proceso y deberá analizar la solicitud y proporcionar su recomendación a la Comisión. La Comisión determinará la substitución adecuada a ser concedida basada en la evidencia presentada por las partes. La Comisión no está obligada a las propuestas hechas por la compañía UNS Gas, el Staff o Personal o cualesquier otras personas que intervengan; por consiguiente, las tarifas aprobadas por la Comisión podrían ser más altas o más bajas que las tarifas solicitadas por la Compañía.

¿Cómo puede conseguir o ver una copia de la propuesta para las tarifas?

Copias de la solicitud y de las tarifas propuestas se encuentran disponibles en las diferentes oficinas de UNS Gas ubicadas en: One South Church Ave, Suite 100, Tucson, Arizona (520/884-3742); 2498 Airway Ave., Kingman, Arizona (928/681-8913); 2749 Maricopa Ave., Lake Havasu City, Arizona (928/505-7002); 1710 N.
